

VACUUM PACKAGING

PREPPLATE

By **VACMASTER**®

The **VACMASTER**® Prep Plate bag loading station is the perfect tool to help load contents into a bag, eliminating the excess mess. The Prep Plate allows you to prepare whatever portions you have, and easily bag them, as it comes with three fingers that can be removed or added based on the size of the food being prepared. The plate helps to create stronger vacuum seals by keeping the sealing area of the bag clean. Sturdy stainless steel construction will not scratch or wear. The prep plate does not take up a lot of space on counter tops or cabinets.

FEATURES

- Stainless steel construction
- Keeps the sealing area clean for reliable seals
- Comes with three removable fingers
- Holds food for easy prepping
