

# VACMASTER® PRO140

Our **VACMASTER® PRO140** combines advanced technology and superb design. The PRO140 features a locking lid and an increased number of functions at the press of a button. This machine allows the user to vacuum and seal, marinate meats, pulse vacuum delicate items and seal bags. In addition, the PRO140 makes a double seal on each bag to ensure a complete and lasting seal. With more features at an attractive price, the PRO140 would be a useful addition to any home kitchen. The PRO140 accepts bags and rolls up to 12" wide and works with all VACMASTER® accessories.

## FEATURES

- One button, hands-free operation
- Dual piston vacuum pump
